I would like to express my deep sentiments of gratitude to every one of you for your support, dedication and concern towards the college which enables and encourages us to strive hard to carry forward the mission of spreading value based knowledge to all our students. I am very happy with the progress the college has made by imbibing in its students value based education synergized with modern teaching learning methods by using Information Technology to produce well Inform and emotionally sound generation.

I am positive, that in times to come, we will continue the journey with elevated enthusiasm and persistently provide a platform of holistic learning to the generation of learners of this remote and border area in the light of New Education Policy (NEP-2020) in this era of Information Technology (IT) and Artificial intelligence (AI).

I am feeling myself lucky enough to be the part of such a system where we have learned faculty, responsible officials and talented students, co-operative parents, supportive alumni and suggestive civil society. With the help of such a splendid umbrella of stake holders, I hope that our vision would materialize and our college will become the centre of excellence.

It is pertinent to mention here that education is not just passing examinations and receiving degrees. It is, at bottom a simultaneous development of body and mind and the true aim of education is building up of sound character. Our mission is to transform students into rational thinkers, competent skill oriented workers, law abiding citizens and spiritually enlightened individuals. It is my firm belief that the rich values and traditions imbibed here would carry the learners to greater heights.

I am highly grateful to Higher Education Department, Govt. of J&K (UT) for the ample opportunity which it has provided me to serve Shri Chhote Shah Govt. Degree College, Mendhar as a Principal and work with utmost dedication and sincerity for achieving the desired objectives envisaged in the vision and mission of the College. I reiterate that this publication of the Newsletter- "THE GLIMPSES" is the moment of pride for SCS GDC, Mendhar as the same will enlighten us with the important milestone that the college has achieved in the years 2019-24. The activities performed is a testimonial to the fact that the college is very much busy in its academic pursuits, Co-curricular and extra-curricular activities. Though our primary focus is for vibrant academic environment but at the same time different programmes are being organized by different committees, various clubs and societies for the overall development of the student community.

I congratulate the co-ordinator IQAC, Dr. Sarshad Hussain and the Convenor Editorial Board Dr. Mohd Junaid Jazib and other members of the college publication committee for bringing this newsletter to the fore. It is in place to state here that the efforts of all the stake holders are quite promising and motivating. Last but not the least, thanks is also due to the ministerial staff for their support and co-operation.

From the editorial desk

Dear Readers,

We're delighted to present the tenth issue of *The Glimpses*. A newsletter not only showcases an institution's milestones and achievements but also reflects the spirit and journey of the entire community associated with it.

We acknowledge, rather confess, that this edition of the newsletter arrives after a significant gap, as various circumstances delayed its publication, making it the first in over five years.

Without a regular tradition of archiving events specifically for newsletters, gathering information became a test of perseverance for a faculty member who has joined relatively recently—especially when covering multiple years. Another major challenge was the quality of the photographs. Since most of the pictures were sourced from Facebook and other social media platforms, their clarity and resolution was much reduced. Despite these hurdles and constraints, our Principal, Dr. Mohammad Azam, has remained unwavering in his commitment to bringing this issue out.

Without technical support or design expertise, I had to create this issue entirely in MS Word, relying solely on my basic skills. While it may lack professional polish, I hope it still conveys the essence of our institution's journey over recent years.

It would be remiss of me not to express my heartfelt gratitude to the past teachers whose contributions have been instrumental in shaping this college, including Prof. Ayaz Choudhary (former HoD, English), Prof. Javed Manzoor (former HoD, Environmental Sciences), Prof. Akram Choudhary (former HoD, Education), Prof. Murtaza (HoD, Political Science), Prof. Rizwan Khan (former HoD, Physics), Prof. Waseem (former HoD, Computer Application) and other esteemed faculty members currently serving in various other colleges of Pir Panjal. Despite my best efforts, some of their invaluable contributions may not be fully represented here, for which I sincerely apologize.

I would also like to thank Dr. Bashir Ahmed (HoD, Physics) for his encouragement, Dr. Sarshad Hussain Shad (Coordinator, IQAC) for his invaluable support and Prof. Mohammad Rafi (HoD, Political Science) for his generous assistance whenever needed.

Given the limited available resources, this issue represents our best offering for now. Though it may fall short in some areas, I hope it brings you closer to the spirit and achievements of our college.

Looking forward to your feedback,
With warm regards,

(Dr) M Junaid Jazib
HoD, Environmental Sciences

The anthem's writer and composer, **Mohd Pervaiz Malik**, was honored for his contribution to encapsulating the ethos and spirit of the college through this beautifully crafted anthem song.
